

Played to the tune "Wellerman" by The Longest Johns

VaccineMan  
[Verse 1]

There once was a year that shook the sea  
And the name of the year was twenty-twenty  
The masks fit tight, and the bars did close  
O go, my 'Rona boys, go

HEY

[Chorus]

Soon may the vaccine come  
To stop the cryin' and fear and slum  
One day, when the coughn' is done  
We'll take our leave and go

[Verse 2]

She had not been two months from year  
When 'Rona shed our first big tear  
The Captain called, swore off our fear  
He'd take that mask and go

[Chorus]

Soon may the vaccine come  
To stop the cryin' and fear and slum  
One day, when the coughn' is done  
We'll take our leave and go

[Verse 3]

Before the semester even started  
The test results came in and charted  
All Students come in half hearted  
When 'Rona cases rose

[Chorus]

Soon may the vaccine come  
To stop the cryin' and fear and slum  
One day, when the coughn' is done  
We'll take our leave and go

[Verse 4]

The people pressed, no one was free  
The leader's mind was stuck on greed  
But they belonged to the government creed;  
They take our ship down low

[Chorus]

Soon may the vaccine come  
To stop the cryin' and fear and slum  
One day, when the coughn' is done  
We'll take our leave and go

[Verse 5]

For the whole damn year or even more  
The cases dropped, then rose once more  
All hopes were lost down to the core  
But still that virus goes

[Chorus]

Soon may the vaccine come  
To stop the cryin' and fear and slum  
One day, when the coughn' is done  
We'll take our leave and go

[Verse 6]

As far as I've heard, the fight's still on;  
The hope is strong, and the world's not gone  
The Vaccine makes an irregular call  
To encourage the Captain, crew, and all

[Chorus]

Soon may the vaccine come  
To stop the cryin' and fear and slum  
One day, when the coughn' is done  
We'll take our leave and go

[Chorus]

Soon may the vaccine come

To stop the cryin' and fear and slum

One day, when the coughn' is done

We'll take our leave and go
