Hello,

It's me again 😊 Point of clarification, regardless of your plans during the 3-week break, your car will need to be moved out of the underground garage to Block 7 Parking Lot by Monday, 3/23 by 9am. Disregard the Wednesday, 3/18 date—that date was set before all of the extended break news for people who had plans to leave early for break.

Peace,

Suzie Chang, M.S.Ed

Subject: Haymarket Updates!

Importance: High

Hello Haymarket Residents,

Please see important updates below....

General

- To avoid confusion, all residents should refer to their university email for official communication
- All residence halls will remain open. Students should do what is most comfortable for them.
- If student is staying at any point during the 3-week period, they must sign up on My Housing Portal.
 - We will be posting a 'How to Register for Break' (1 per exterior apartment door)
- If traveling during the 3-week break, please be judicious and take care of yourself.

Spring Break Closing

- Housing student staff members will be conducting Room Sweeps starting daily Wednesday, 3/18 and end on Friday, 3/20.
- Please make sure trash/recycles are taken out, lights are turned off, doors are locked etc.

Underground Sweeping/Washing [AND] Fire Extinguisher Testing

- Commonweal will be sweeping and washing the underground garage on Monday, March 23, 9am-4pm. You should move your vehicle out of the garage to the Block 7 parking lot (across from Thai Orchid/Jimmy John's) starting on Wed. 3/18
- You can park anywhere in the Block 7 parking lot. To avoid a ticket, you **NEED** to have your orange underground parking pass on display
- You can move your car back underground after 4pm on that day OR at your earliest convenience.
- Fire Extinguisher Testing will take place on Thursday, March 26 from 1pm to 4:30pm

Mail

- Mail/packages will be delivered today. Starting Saturday, March 14, if residents need mail/packages, go to Towers. A sign will be posted at the Front Desk.

- Sending my love and support.

Peace,

Suzie Chang, M.S.Ed
