Dear faculty, staff and students at UW-Eau Claire, UWEC-Barron County and Marshfield campuses,

While our semester is drawing to a close, there are several major university commitments that continue. Please [see my Chancellor Blog](#) for an update on our progress on EDI, advancing sustainability and planning for our return to campus this fall.

In the meantime, I wish all our students well on their exams and encourage everyone to check out our [special Blugold graduates website](#) to celebrate their achievements with them.

Finish strong!
