Is it alright if we record this interview? And if you can talk in a louder voice, it is going to be better for the recording. So, today is April 14th, 2021. It is 2:45 pm in United States Central Time in Wisconsin. Today, there are 31, 076, 891 cases of COVID-19 and 559, 741 deaths in the United States and 86, 032 cases of COVID-19 and 6, 690 deaths in Wisconsin. Let's start with the follow-up questions. How has your experience been with the first dose of the COVID-19 vaccine?

Ricardo 00:01:09

Well, I have felt very well. I have not felt anything that is affecting my health.

Angela 00:01:17

That's great. And did your boss help you get the vaccine?

Ricardo 00:01:23

What?

Angela 00:01:25

Did your boss help you get the vaccine?

Ricardo 00:01:29

Yes, in fact he told us so we would come here.

Angela 00:01:32

Okay, and your coworkers?

Ricardo 00:01:35

Yes, them also.

Angela 00:01:36

Good, did you feel sick after receiving the vaccine or not? And do you know anyone that got sick with COVID-19 after getting the vaccine?

Ricardo 00:01:48

Ahhh no, until now no.

Angela 00:01:52

No, ahh, for both questions?

Ricardo 00:01:54

No no.

Angela 00:01:55

Ah okay. Hmmm. Has your daily life changed after receiving the vaccine?

Ricardo 00:02:03

No, no, no it has not changed.

Angela 00:02:05

Ah. Do you feel safer?

Ricardo 00:02:08

Yes, well yes. I feel safer because now there is less probability of getting it, yes.

Angela 00:02:18

Very good. You feel, or that is the next question. Do you feel safer, safer spending time with other people after getting the vaccine?

Ricardo 00:02:34

Yes, because, because, well how you had said it in the previous question, after getting the vaccine, well it's unlikely I get sick, to get infected with the virus.

Angela 00:02:57

Hmmm and did you know that the state of Wisconsin has the fastest response to distributing the COVID-19 vaccine in all of the United States?

Ricardo 00:03:11

No, no I didn't.

Angela 00:03:12

And what do you think about this statistic?

Ricardo 00:03:15

Well, that it is good, yes.

Angela 00:03:19

And do you have any opinion on the vaccination process in the 49 other states or in other countries?

Ricardo 00:03:30

Can you repeat the question?

Angela 00:03:32

Ahmm, do you have any opinion about the vaccination process in the 49 other states or in other countries?

Ricardo 00:03:40

No.

Angela 00:03:42

And what do you think about the nursing students that are administering the vaccine today?

Ricardo 00:03:51

Well, firstly to congratulate them for the collaboration that they are doing on this, how would you say, institution, because well they are doing something ehheh, very, very good. Yes.

Angela 00:04:09

Anything else?

Ricardo 00:04:10

No.

Angela 00:04:11

Ah and the last question. How was the vaccine clinic today for you? Is it the first time? In what

way was it good or bad? And do you have any recommendations for us to improve the clinic in the future?

Ricardo 00:04:27

Well, my experience was that yes, they treated me well, very well. I gave them my thanks for making us feel equal. They made us feel welcomed and invited to vaccinate ourselves. I don't have anything to say for improving anything in the clinic. It's good, yes.

Angela 00:04:48

¿Si? ¿Algo más que quieres decir, sobre todo el proceso, la pandemia en general.

Yeah? Is there anything else that you want to say, about the whole process, the pandemic in general?

Ricardo 00:04:55

Eh, no.

Angela 00:04:57

Okay. Thank you very much for your time.
