

The Band

President—Earl Braine
 Secretary-Treasurer—Fred Gunderson
 Faculty Advisor—Mr. Slagg

As a wide awake organization the band perhaps has no superior in the Normal. Always willing to offer its services, it has been the source of much school spirit. The band has performed very creditably at games and for special programs. The members of the band feel that their efforts have been appreciated by the student body and faculty through the financial support they have received when their services have been desired out of town, and also by their reception when appearing before the assembly. Much credit is due to the student directors, Leland Forrest and Forrest Mortiboy.
