The Power of **AND**

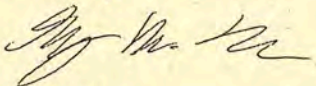

Greetings,

*On behalf of the faculty and students of the Department of Music and Theatre Arts at the University of Wisconsin-Eau Claire—thank you for attending the UWEC Honor Band Festival! Tonight's concert will feature over 175 talented high school students from more than 50 schools. We hope that your experience on campus today shows you the potential for excellence in musical performance and expression in several different ways. Music is the expression of the human experience through sound. As a music area we strive to bring a richness of experience to our audiences through excellent performance that will stir real responses. I trust that your experiences performing and hearing our UW-Eau Claire ensembles will energize you in ways that are enjoyable and insightful.*

*The Department of Music and Theatre Arts is home to one of the nation's largest all-undergraduate music programs, with students working toward degrees in music education, performance, theory, composition, music history, and liberal arts. In addition, the department includes Theatre Arts degree programs, and a Dance certificate. Each year, the department sponsors approximately 250 concerts, music recitals, theatre productions, dance recitals, and special events. All UW-Eau Claire students have access to a wide variety of ensemble performance experiences in music, including three concert bands, four jazz ensembles, a symphony orchestra, a 350-member marching band, six choirs, an opera workshop, and numerous chamber ensembles. In addition, our students are involved in numerous extra-curricular groups and organizations associated with music, music education, theatre, and dance. For more information about our degree programs, please explore the department's web site at [www.uwec.edu/mus-the](http://www.uwec.edu/mus-the).*

*On our campus, you may choose to be a scientist AND saxophonist, a musician AND mathematician, a teacher AND theorist, or a composer AND communication specialist...it's up to you. We want you to find what makes you thrive, not just survive. That's the "Power of AND."*

Sincerely,

Gary Don  
Interim Chair, Department of Music and Theatre Arts

## **Program**

*To be selected from*
